

The below curriculum outlines the requirements of the Transdisciplinary Transportation Studies certificate program. Exceptions must be approved by the Transdisciplinary Transportation Studies certificate program coordinator.

Course	Title	Credits
PUP 564/591	Transportation Systems Professional Seminar	3.0
CEE 591	Interdisciplinary Transportation Seminar	1.0
Graduate Elective:		3.0
Graduate Elective:		3.0
Graduate Elective:		3.0
PUP 593*	Applied Project: Transportation Capstone	3.0
Total credits required for Transdisciplinary Transportation Studies certificate:		16.0

* The Applied Project consists of an in-depth capstone research paper or professional project. In developing a capstone paper, students are encouraged to work with transportation professionals in their area of interest to identify a topic that is of interest to the broader public.

Electives

The certificate is intended as a transdisciplinary program. Students should choose transportation-related electives following these guidelines:

1. 3.0 credits from any school (ex. *School of Geographical Sciences and Urban Planning*)
2. 3.0 credits from a different school or college (ex. *Fulton Schools of Engineering, School of Sustainability, School of Public Affairs*)
3. 3.0 credits from a third subject prefix not fulfilled by #1 or #2 above (ex. *AMT, CEE, GCU, GIS, PAF, PUP, SOS*)

Course Requirements

The listed classes are required and cannot be waived or substituted. A maximum of 6.0 credits of 400-level elective coursework may be included on the plan of study but must be approved by the Transdisciplinary Transportation Studies certificate program coordinator.

Pre-admission Credit

No more than 6.0 credits taken prior to admission into the Transdisciplinary Transportation Studies certificate program may be included on the plan of study.

Culminating Experience

The culminating experience is an applied professional project PUP 593 Applied Project: Transportation Capstone.
