Graduate Elective:*		3.0
Graduate Elective:*		3.0
Graduate Methods Elective:*		3.0
PUP 593**	Applied Project: Transportation Capstone	3.0
Total credits required for Transportation Systems certificate:		15.0

^{*}Choose electives from an approved list of transportation-related courses. Must include at least one from a field outside the student's degree program and a course in methods or techniques applicable to transportation systems planning

Course Requirements

The listed classes are required and cannot be waived or substituted. A maximum of 6.0 credits of 400-level elective coursework may be included on the plan of study but must be approved by the Transportation Systems certificate program coordinator.

Pre-admission Credit

No more than 6.0 credits taken prior to admission into the Transportation Systems certificate program may be included on the plan of study.

Culminating Experience

The culminating experience is an applied professional project PUP 593 Applied Project: Transportation Capstone.

^{**} The Applied Project consists of an in-depth capstone research paper or professional project. In developing a capstone paper, students are encouraged to work with transportation professionals in their area of interest to identify a topic that is of interest to the broader public.
