

# Career Navigator

Learn how you can navigate the world and plan the future with  
**Geography, GIS and Urban Planning**

Plan better communities / Use drones to gather information /  
Chase storms / Reveal changes to our environment

**Challenge yourself to make a better tomorrow**

Create positive change by learning the principles and tools of geography, GIS and planning.

Whether you want to **help your community**, **work with computers**, or **investigate and impact the natural world**, there is a career for you!

**Career Navigator is your opportunity to learn about careers that grow from degrees in Geography, GIS and Urban Planning.**

Come to this event and speak with professionals to learn about the work they do!

Are you ready to navigate the world and plan the future?

**Wednesday, October 30, 2019**

**2:00 - 5:00 pm**

Career lightning talks 2-3 pm | Career Fest 3-5 pm

**Arizona State University's Memorial Union, Room 221**
