

Geospatial Research & Solutions presents
Thursday, January 25th
ASU Memorial Union 221

Frequently Asked Questions

1. Who will be at this event?

There will be variety of professionals at this event. Please refer to [this link](#) to see the participants.

2. Do I need to stay entire time?

No, please feel free to come and go as you wish. If you want to be eligible for raffle, must have entered and be there at 3:55 PM.

3. I don't have any GIS or remote sensing experience. Is this still for me?

Yes – if you think might be interested in the geospatial field, come and talk to people –see what they do and if you like it.

4. Are only certain students invited?

Everyone is invited – undergrad, grad, PhD, ASU, Non-ASU, all majors

5. Do I need to register beforehand?

No, just show up.

6. Can I expect to leave this event with a job?

Nope. This is an educational event for you to learn about different groups that use geospatial technologies. However, some groups might have internship or job openings so you might want to bring a resume just in case.

7. Does it matter what I wear?

Show up in whatever. However, if you are hoping to make some professional connections, business casual (jeans/slacks and a shirt without holes) would be good.

8. Do you have any suggestions on how to start a conversation if I am shy?

You can start with a brief self-introduction including your name, major and year in school. Tell them you are glad to have the opportunity to talk with them. Then you might want to ask open-ended questions like: “What does your company do?” “What do you do at your company?” “What types of positions do you typically recruit for?” “What type of background and experience do you find to be most successful in the field?” “May I contact you with further questions?”

10. I still have more questions. Is there someone I can talk to?

Yes, email Shea Lemar at shea.lemar@asu.edu
