GIS Analyst

Based in Tempe Arizona since 2005, Gistic Research provides GIS/IT integration services as well as GIS software development services. We are seeking a skilled, motivated GIS analyst who is willing to learn and take on various challenging responsibilities from conducting/coordinating consulting services to assist product development and marketing in a team environment.

The ideal candidate must have

- Good communication skills;
- Good understanding of GIS;
- Hands-on experience with Esri GIS platform;
- Strong interest in learning and applying non-Esri GIS technologies, such as FME and/or open-source;

The following are not required but would be helpful:

- Software coding experience;
- Graphics and web page design skills;
- System administration experience.

Salary is commensurate with experience and educational credentials.

Interested applicants should mail your resume and cover letter to info@gisticinc.com or contact Bo Guo at (480) 656-9962 for any questions. Applications will be accepted until the position is filled.

EEO / AA POLICY STATEMENT

It is the policy of Gistic Research, Inc not to discriminate against any employee or any applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability, sexual orientation or national origin. This policy shall include, but not be limited to, the following: recruitment and employment, promotion, demotion, transfer, compensation, selection for training, including apprenticeship, layoff and termination. This company further agrees to take affirmative action to ensure equal employment opportunities.
