

You must successfully complete all course requirements and have an approved IPOS before you can defend your thesis proposal.

Form Instructions:

- 1) Student completes Section A Student Information and gives form to Supervisory Committee Chair.
- 2) The Supervisory Committee Chair should write in the date of the proposal defense; then the supervisory committee completes Section B Proposal Information, by signing the form and indicating their votes of pass or fail.
- 3) The completed form is submitted to the Graduate Program Coordinator within 5 business days of the defense.

Section A Student Information

Name of Student	ASU ID
Program	Specialization/Area of Focus

Section B Proposal/Prospectus Information

Date of Proposal _____

Name of Supervisory Committee	Signatures	Passed	Failed
Chair			
Committee Member			
Committee Member			
Committee Member			

All results, including failure of the thesis proposal must be reported. Failure of the proposal is final unless the supervisory committee and head of academic unit recommend, and the Graduate College dean approves a second proposal defense.
